Introduction to PID Tuning - Online

The course is designed to provide participants with the basic knowledge of PID controller and tuning.

For operators, technicians and new engineers who want to learn the principles of PID

Who should attend this course?

controller and tuning.

Course Code PID-INTRO-ONL Duration 1 days Max Class Size 15

Prerequisite None

Day 1

Process characteristics

Modes of control

- Proportional
- Integral
- Derivative

Controller tuning

-PID control response; optimum PID setting
