

Centum VP Engineering - Refresher (3-day)

Offered as shorten duration for VPEG

Course Code VPEG-3D-REFRESHER-ONL

Duration 3 days

Max Class Size 10

Prerequisite Participants should have attended Centum VP Operation course

Who should attend this course?

For engineers involved in software generation or modification on the Centum VP system.

Day 1

Centum VP System specification/overview
Centum VP hardware description
Project creation and attribute utility
Project common definition
FCS configuration
I/O module configuration

Day 2

Software switches configuration
Message configuration
Control drawing builder
Laboratory work : FCS configuration, I/O module definition, Regulatory control generation

Regulatory control function
Sequence control function
Laboratory work: Sequence control generation, logic control generation

Day 3

Regulatory control function
Sequence control function

HIS configuration
Windows configuration
Graphics builder
Laboratory work : HIS and Windows configuration, graphic generation
