

FOUNDATION FIELDBUS APPRECIATION

The course is designed to provide participants with the basic knowledge of Foundation Fieldbus.

*Please note that the course fee stated is subjected to change under different circumstances. Kindly contact the training department or send us an enquiry for actual quotation.

Course Code FBAP

Duration 2 days

Max Class Size 8

Prerequisite Participants should preferably have some basic knowledge on process instrumentation.

Who should attend this course?

For engineers, technicians, supervisors and operators who want to gain a fundamental knowledge of Foundation Fieldbus.

Day 1

Introduction to Foundation Fieldbus
Features of Foundation Fieldbus
- Terminology and concept
- Segment components
- Wiring
Fieldbus model (OSI layers)
- Physical layer
- Data link layer
Application layer

Day 2

Device description/capabilities file
Flow of engineering for creating a complete project
Description of main features of fieldbus
Tools
Introduction of Plant Resource Manager with Foundation Fieldbus
