

# CENTUM VP Virtual Operator Trainer

## CENTUM VP

**CENTUM VP Virtual Operator Trainer** for new and experienced operators, delivered around the world 24/7 on-demand through the cloud. Trainees receive instruction and practice on their own private, fully-functioning instance of CENTUM VP Human Interface Station (HIS).

### CENTUM VP Virtual Operator Trainer delivers:

- Web-based training on CENTUM VP HIS navigation, basics and standard graphics, trends, system alarms and system overview, process alarms, and operator reports
- Interactive practice exercises in CENTUM VP HIS
- Skill and knowledge assessments
- Reporting and results tracking via Learning Management System (LMS)
- Completion certificate

### Self-paced CENTUM VP Virtual Operator Trainer is ideal for:

- Initial training of new operators
- Conversion of existing operators from different DCS
- Refresher training for experienced Operators
- Practice and improvement of CENTUM VP knowledge and skills

### Custom Virtual Operator training

Custom Virtual Operator training using client specific process screens, graphics, and standard operating procedures, and designed to meet client's training objectives and requirements, is available upon request.

The clear path to operational excellence

## "The clear path to operational excellence"

*Making critical plant information fully visible is just the beginning of the vigilant cycle.*

Seeing clearly gives you the knowledge necessary to anticipate the changes required in your process.  
Knowing in advance brings you the speed and flexibility to optimize your plant in real time.  
VigilantPlant excels at bringing out the best in your plant and your people – keeping the fully aware, well informed, and ready to face the next challenge.

The clear path to operational excellence

VigilantPlant is Yokogawa's automation concept for safe, reliable, and profitable plant operations. VigilantPlant aims to enable an ongoing state of Operational Excellence where plant personnel are watchful and attentive, well-informed, and ready to take actions that optimize plant and business performance.
